HIGH Intensity/Impact

Bootcamp A full body functional workout that takes place outside, whatever the weather!

Using outdoor equipment and the surrounding areas to work on physical endurance and full body strength.

BoxFit A high intensity cardio workout based on boxing techniques using gloves and pad work.

Burn at Brendon! A fast paced, full body, no nonsense workout with a mix of bodyweight, kettlebell, dumbbell, and barbell exercises, all designed to make you work to your maximum, and feel the BURN!

CBC Spin Using our coach by colour software, we will instruct you through your individual training intensity for a great calorie scorching working.

Classic Spin Indoor cycling class that rides along to the music. Come and feel those hills, sprints, and enjoy the tunes!

Freestyle 30! This class focuses on either HiiT, Tabata, Circuits or Functional Training each week. Join in for 30 minutes of FUN!

Hybrid HiiT This high-energy class is built for total fitness. Combining strength, cardio, and endurance training. Hybrid HiiT uses a variety of equipment and a mix of formats like EMOMs, AMRAPs, circuits and more.

Inferno A high intensity class designed to get your heart pumping, incorporating a range of high intensity interval training techniques.

Power HiiT A 30 minute HiiT session, aimed at enhancing strength, cardiovascular health and promoting lean muscle development. Incorporating barbell, weight plate and bodyweight movements, this workout effectively targets all major muscle groups.

MODERATE Intensity/Impact

Aerobic Conditioning An old school class of aerobic moves and light weights to give you a fantastically fun cardio-based workout.

Ashtanga Yoga Breaking down the primary series with props and modifications to help you get the most out of your practice.

Core & Stability This class aims to strengthen your core and work on your balance and stability with the use of bodyweight and weighted exercises.

Intro to Calisthenics Learn foundational bodyweight exercises like pull ups, push-ups, squats, and planks in a small-group setting, perfect for building strength, flexibility, and confidence at your own pace.

Legs, Bums & Tums It works exactly where it suggests! This classic class uses a range of bodyweight, bands, weights to help tone, tighten and firm up.

Pump & Tone A great barbell workout for anyone wanting to tone up and strengthen top to toe. Using high repetition and a range of weights, we can guarantee this will help you achieve the results you want.

Sculpt & Strength

A weightlifting class focusing on building strength and muscle, with the aim of increasing your weights and improving your technique.

Step Fitness A high-energy cardio workout using a height-adjustable step platform. This class combines choreographed routines with upbeat music to boost endurance, coordination and lower-body strength. Expect a fun, fast-paced session that gets your heart pumping.

Zumba Fitness and fun all in one workout. Dance moves to great music, come and burn a ton of calories without even realising it!

Zumba Tone Enjoy the fun of classic Zumba along with the benefits of muscle toning using toning sticks and high reps for a fun full body workout.

LOW Intensity/Impact

Barre A blend of classic ballet barre, yoga and pilates to stretch, strengthen and tone.

Body Conditioning A low impact full body workout using functional movements to work on endurance, strength, balance and mobility. Incorporating body weight exercises and light weights.

DanceFit Fitness and fun all in one workout. Dance moves to great music! Burn calories, boost energy and enjoy every minute.

Fusion Pilates Taking on board elements from pilates, Yoga & Mobility to increase strength, flexibility and range of movement. Another great option for those holistic lovers!

Greet the Day Yoga A mindful way to start the day. Sessions will concentrate on releasing muscle tension with deep stretches along with emotional stability affirmations and meditation.

Hatha Yoga These classes are based on physical postures, breathing techniques, mindfulness and learning how to listen to your body. Increase your flexibility, strength and body control.

Pilates Using the Original Pilates Principles you will be guided through a mixture of traditional exercises with added modern contemporary variations. This class will help with balance, coordination, posture and strength. Perfect for all abilities.

Restorative Pilates This class combines gentle stretches and exercises to enhance mobility, balance and flexibility, honouring traditional Pilates with added relaxing and restorative movements.

Somatic Therapy This class focuses on gentle, mindful movements and breathwork to increase body awareness and promote healing from within.

Strength and Mobility This class will help you build strength, increase flexibility and prevent injuries. Join us for a well-rounded workout that leaves you feeling stronger and more agile!

Stretch and Flow A blend of breath work, gentle yoga and held stretches. A mid-day rest for body and mind.

Tai Chi A Chinese martial art based class, sometimes described as meditation in motion as it promotes serenity, using gentle movements - connecting mind and body as one.

Vinyasa Yoga A fluid, movement-based class that emphasizes harmonizing breath and body through continuous, smooth sequences.

Yin Yang Yoga This class will have the dynamism of yang & the calm of yin. Starting with an energising yang flow to warm our bodies, before balancing our energy with slow & mindful yin. Move with the speed of your individual breath and explore the depth of postures that feels right for you. Together we will find the balance between strengthening and stretching.

Yoga with Madhi An alignment based guided morning yoga routine, which includes yoga exercises, breathing techniques, relaxation and meditation.
